**Advantages**

- Powerful 650-watt motor for fast work progress with soft start
- Long, slim grinding spindle – particularly suitable for use in hard-to-reach areas
- KickBack Stop: detects when the tool is jammed and shuts it down immediately – for a high level of user protection
- Little servicing required due to significantly improved carbon brushes
- Constant Electronic for constant speed, also under heavy load
- New clamping system for a secure fit of the grinding stones to ensure precise work
