Invented for life

Power tools for trade & industry

Advantages

- Precise results and little need for refinishing due to minimal discolouration and low burr formation thanks to optimised speed for metal applications
- Virtually spark-free for a safe work environment
- Compact design and low weight for low user fatigue
- Longer lifetime than other metal circular saws in its class
- A fast work rate because more than 300 cuts in steel pipe (20 mm diameter) are possible with only one battery charge (4.0 Ah)
- Window and LED lighting for optimum cut control
