

DEWALT D26676-B5 3-1/4-INCH CORDED HAND PLANER (1.5MM) 220V

MODEL # D26676-B5

- Powerful 5.5 amp motor provides a smooth; even finish in the hardest of woods
- 34000 cuts per minute achieve a fast removal rate
- 1/16" (1.5mm) maximum depth of cut

FEATURES:

- Powerful 5.5 amp motor provides a smooth; even finish in the hardest of woods
- 34;000 cuts per minute achieve a fast removal rate
- 1/16" (1.5mm) maximum depth of cut
- Includes industry-standard large; resharpenable high-speed steel blades for straight edging or framing applications
- Accepts reversible carbide blades for improved blade life and material finish
- Calibrated depth adjustment knob to 1/16" (1.5mm approximately)
- Precision-machined front and back aluminum shoes ensure parallelism of cut
- Kickstand allows user to rest the planer on the work surface without gouging the material
- Precision machined groove in front shoe allows for edge chamfering
- Poly-V drive belt provides increased belt durability

- Ergonomically designed handle provides greater comfort and less user fatigue

SPECIFICATIONS:

- Power Input: 550 Watts
- Amps: 5.5 amps
- Depth of Cut: 1.5 mm
- Depth of Cut: 1/16 in
- No Load Speed: 17000 rpm
- Planning Width: 3-1/4 in
- Rabbeting Depth: 23/64 in
- Weight: 6.0 lbs

INCLUDED:

- Two resharpenable high-speed steel blades (installed)
- Rabbeting fence
- Blade depth setting gage
- Blade resharpening tool
- Socket wrench
