

## Features

- ◎ Pure sine wave solar inverter
- ◎ Output power factor 1.0
- ◎ WIFI& GPRS available for IOS and Android Optional
- ◎ Inverter can run without battery
- ◎ One-key restoration to factory settings
- ◎ Built-in lithium battery automatic activation
- ◎ High PV input voltage range (60~500VDC)
- ◎ Dual communication ports for battery communication and Wifi communication
- ◎ Built-in 120A MPPT solar charge
- ◎ Built-in anti-dust kit for harsh environment
- ◎ Smart battery charge design to optimize battery life
- ◎ Dual output

Built-in  
Grid Feeding

UP  
Graded Model  
New Attractive Design

Anti  
Dust Kit

Works  
Without  
Battery

| <b>Model</b>                             | SISV-6.2K-H-(TWIN)                          |
| Phase                                    | 1-phase                                     |
| Maximum PV Input Power                   | 6500W                                       |
| Rated Output Power                       | 6200W/6200VA                                |
| Maximum Solar Charging Current           | 120A  |
| Grid-tie Operation                       |   |
| PV Input(DC)                             |   |
| Nominal DC Voltage/Maximum DC Voltage    | 360/500VDC                                  |
| Start-up Voltage/Initial Feeding Voltage | 60VDC/90VDC                                 |
| MPPT Voltage Range                       | 60~450VDC                                   |
| Maximum Input Current                    | 1/27A                                       |
| Grid Output(AC)                          |   |
| Nominal Output Voltage                   | 220/230/240VAC                              |
| Output Voltage Range                     | 195~253VAC                                  |
| Nominal Output Current                   | 27.0A                                       |
| Power Factor                             | >0.99                                       |
| Efficiency                               |   |
| Maximum Conversion Efficiency(DC/AC)     | 98%   |
| Two Load Output Power                    |   |
| Full Load                                | 6200W                                       |
| Maximum Main Load                        | 6200W                                       |
| Maximum Second Load(battery Mode)        | 2067W                                       |
| Maximum Load Cut Off Voltage             | 52VDC                                       |
| Maximum Load Return Voltage              | 54VDC                                       |
| Off-grid Operation                       |   |
| AC Input                                 |   |
| AC Start-up Voltage/Auto Restart Voltage | 120-140VAC/180VAC                           |
| Acceptable Input Voltage Range           | 90-280VAC or 170-280VAC                     |
| Frequency Range                          | 50~60Hz                                     |
| Maximum AC Input Current                 | 36.4A                                       |
| PV Input(DC)                             |   |
| Nominal DC Voltage/Maximum DC Voltage    | 360/500VDC                                  |
| MPPT Voltage Range                       | 60~450VDC                                   |
| Maximum Input Current                    | 1/27A                                       |
| Battery Mode Output(AC)                  |   |
| Nominal Output Voltage                   | 220/230/240VAC                              |
| Output Waveform                          | Pure sine wave                              |
| Efficiecncy(DC to AC)                    | 94%   |
| Battery & Charger                        |   |
| Nominal DC Voltage                       | 48VDC                                       |
| Maximum Solar Charging Current           | 120A  |
| Maximum AC Charging Current              | 100A  |
| Maximum Solar+AC Charging Current        | 120A  |
| Hybrid Operation                         |   |
| PV Input(DC)                             |   |
| Nominal DC Voltage/Maximum DC Voltage    | 360/500VDC                                  |
| Start-up Voltage/Initial Feeding Voltage | 60VDC/90VDC                                 |
| MPPT Voltage Range                       | 60~450VDC                                   |
| Maximum Input Current                    | 1/27A                                       |
| Grid Output(AC)                          |   |
| Nominal Output Voltage                   | 220/230/240VAC                              |
| Output Voltage Range                     | 195~253VAC                                  |
| Nominal Output Current                   | 27.0A                                       |
| AC Input                                 |   |
| AC Start-up Voltage/Auto Restart Voltage | 120-140VAC/180VAC                           |
| Acceptable Input Voltage Range           | 90-280VAC or 170-280VAC                     |
| Maximum AC Input Current                 | 36.4A                                       |
| Maximum AC Charging Current              | 100A  |
| General                                  |   |
| Physical                                 |   |
| Dimension D*W*H(mm)                      | 420*350*110                                 |
| Cartoon Dimension D*W*H(mm)              | 500*415*180                                 |
| Net Weight(kgs)                          | 8.9   |
